

VOLUNTEER FOR ONLY ONE SUNDAY
AT THE USO MILITARY CENTER AT JFK AIRPORT
Meet, Greet & Thank Our Military Families
Community Service Credit Available
Free Parking for Volunteers

Dear Neighbors:

I'm writing about a rewarding volunteer opportunity: The USO Military Comfort Center at JFK Airport. Military personnel and their families stop in at the USO Center to check e-mails, watch television, have snacks, and / or take a nap. Volunteers meet, greet, and serve military personnel. Volunteering is easy and provides a great opportunity to "give back" and thank our women and men in uniform. However, a number of shifts remain open and the USO has to close the Center during those times.

We would like to join with the Villages to create a community schedule where we each take a Sunday. With enough people, we each need volunteer ***only once*** for the entire year. Young people are welcome and they can obtain community service credit. There is free parking for volunteers. National Grid set up this model and it has not only worked very well, but volunteers love the experience.

Our Villages Shift would be Sunday from 10:00 am to 1:00 pm - Again, with enough volunteers, you will volunteer on ***only one Sunday*** for the entire year.

Please e-mail me at roberstein@optonline.net or call me at (631) 418-7199 to volunteer. You can also reach out to Allen Hecht from the Villages at ahahshah@aol.com or (631) 424-1922.

Thank you very much.
